It covers every aspect of .NET Framework library by providing concise descriptions with just the right number of examples. I would not start development of any significant .NET project without having this book on my bookshelf.' -Max Loukianov, Vice President of Research and Development, Netpise Inc. 'The .NET Framework Standard Library Annotated Reference is the one reference you really need when you use the .NET Framework library. The annotations provide clear insight into the design choices that the library development team made when building the library. Those explanations will guide you to the best design choices for your own application code.' -Bill Wagner, Founder/Consultant, SRT Solutions, and author of Effective C#'More than just a reference, this book provides great insight into the massive amount of thought that went into designing the Microsoft .NET Framework. It is both entertaining and educational, combining interesting and sometimes amusing annotations along with the reference material.' -Jordan Matthiesen, Software Engineer 'Brad Abrams, Tamara Abrams, and the...
