It is one of my personal favorite ebooks. It is probably the most awesome publication I have read through. You won't really feel monotony at anytime of the time (that's what catalogs are for regarding in the event you check with me).

See what students are saying online about the previous edition The med surg bible "Want do well in Med-Surg? BUY THIS BOOK. The rationales are great and so are the questions. Hundreds of questions per topic." This book saved my life! "After using this book to study for my next exam I was so happy to see that I got a 94 ! That being said, I really recommend this book to anyone who is currently taking Med-surge, or preparing for the NCLEX®-RN." A must for every student in the nursing field "I noticed that if you can answer the majority of those questions correctly, it will not only give you a better understanding of the topic, but YOU WILL PASS THE TEST in your class. Honestly, if you can only afford one extra book from your text book, this will be the one to take.".
